Letter to SAC, Los Angeles
RE: NATIONAL SOCIALIST LEAGUE

The enclosed publication makes frequent reference to the response in the San Francisco Bay area to ads for the "NS KAMPFRUF" in the "BAR - Bay Area Reporter," self-described as the "catalyst for all factions of the gay community." For this reason, an information copy is being furnished San Francisco. Particular attention is directed to page 13 of the enclosure.

Los Angeles should initiate a preliminary investigation to determine if the NSL is engaged in extremist activity in possible violation of Federal statutes. Submit results in form suitable for dissemination.

NOTE:

An unsolicited copy of the publication of the NSL was received by mail. The publication is obviously that of a pro-Nazi, anti-Semitic organization calling itself the NSL with an address of Post Office Box 26496, Los Angeles, California. The publication is also prohomosexual. Investigation should be initiated by Los Angeles to determine if this organization is engaged in extremist activity.

We have acknowledged [redacted] letter which enclosed the attached publication. b6 b7C

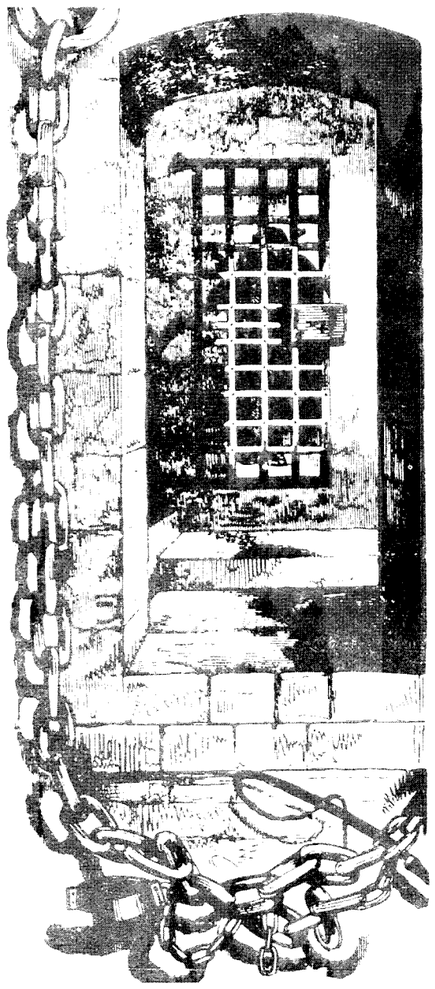
FREEDOM FOR RUDOLF HESS



On May 10, Rudolf Hess completed his 36th year in prison. He is held in solitary confinement behind the grim walls of Berlin's Spandau Prison by detachments of Soviet, American, British and French military police.

All these troops guard just a single prisoner, for Hess is the only inmate in the cavernous place. There he is serving a life sentence for so-called "crimes against peace."

On May 10, 1941, Deputy Führer Rudolf Hess flew alone from Germany to Scotland in an heroic effort to open peace negotiations between Britain and Germany. But powerful world interests did not want peace. These interests foresaw that, by using Europe's two leading Aryan nations to destroy each other, the ultimate winners would be Europe's ancient racial enemies and the system of world communism.

So Germany's peace proposals were spurned and the Reich's envoy, Hess, was held incommunicado until the war's end. Then, in a cynical travesty of justice at Nürnberg, the democratic and communist victors sentenced him to life imprisonment for "crimes against peace."

Because Hess was far from the scene of the so-called death camps when "The Final Solution" was allegedly put into effect, what was this man's real offense to the victor powers? The answer: his unswerving loyalty to his ideals.

Defense of those ideals caused his first imprisonment in 1923. While in Landsberg Prison he shared confinement with his leader, Adolf Hitler, who dictated to his faithful deputy the first volume of Mein Kampf.

Incredibly, not the Landsberg imprisonment, not the five years of incarceration in England, not the indignity of the Nürnberg trials, not the 30 lonely years in Spandau -- none of this has broken his loyalty or stifled his ideals. To those who urge him to buy his freedom with a public recantation, in the style of Albert Speer, Hess has one reply: "My honor is worth more to me than my freedom." In this day of democratic values, caricatured by Watergate and Chappaquiddick, Hess's words sound like a summons to forgotten greatness, sent to a lost race amid a lost civilization.

Rudolf Hess has now been confined longer than any other political prisoner in modern times. This has become an increasing embarrassment to the democratic powers. On April 26, the Prisoner of Peace passed his 80th birthday alone in prison, forbidden even a visit by his family -- alone...except for his ideals, his loyalty, and his honor, which grow in brightness with each year.

(Note: The following is an excerpt from a United Press story:)

BONN (UPI) — Thousands from West Germany, Austria, Holland and Belgium marched through Bonn Sunday in a peaceful demonstration demanding the release of Rudolf Hess, Adolf Hitler's deputy and the last of the major Nazi war criminals still in prison.

Progress Spotlight

Hollywood -- High in the Hollywood Hills (as were most of the guests) on April 20, 1974, more than 400 people -- Gays, straights, N.S.L. members, other right-wingers, and just plain free Americans -- all gathered to enjoy a night of "Cabaret" and to honor the 85th birthday of Adolf Hitler.

Few of those who took the shuttle limosine up the hill were ready for the spectacle: a pair of brown-shirted security guards at the door, opening the way into a world of Nazi banners, portraits of the Führer, balloons imprinted "Springtime for Hitler," tape-recorded speeches and marches from Nürnberg, dozens of guests in various versions of appropriate dress, plus an elaborate rum cake complete with a frosting swastika.

Sure, the crowd included a lot of curiosity-seekers, undesirables, and bar-sweepings; sure, many there showed more interest in bareass swimming, in dancing and in carrying-on than in a serious exchange of ideas. But many others clearly belonged there and got right into the spirit of the thing. And, above all, it's worth noting that this is the largest group to be brought together in honor of Hitler's birthday since 1945.

Los Angeles -- Members of the (avowedly straight) National Socialist White People's Party -- formerly, the American Nazi Party -- held a $100-a-plate dinner to honor the Leader's birthday. We don't know how many attended, but rumor has it that 75 showed up.

San Francisco -- a crazed Gay Jew who read our ad in the BAY AREA REPORTER was so outraged that he took every copy from a bar (called "The Phone Booth") and set them afire. When the firebrand was finished, he returned to the bar -- his second mistake; because the bartender decked the Jew with a right to the mouth.

Members and friends of the N.S. League owe a vote of thanks to this bartender, another American who won't tolerate Jewish "Fascism" on whatever pretext or in whatever corner of our land it shows its weasel face.

Los Angeles -- The winter-spring advertising campaign to reach potential new members and friends for the National Socialist League has been called "the most far-reaching publicity blitz in the history of the American Right."

Between January and May, the total circulation of the publications carrying our ads totaled more than 3 million readers.

We were able to achieve this only through the free-will donations of our people. And, through your continuing donations, we plan an even larger campaign for the coming summer. From June to August, we hope to raise enough money to reach a total of 15,000,000 Gays! All of this CAN be done...it will, it shall, it must!

And, beside your donation, you can help by mailing us any Gay publications, bar guides, or other periodicals in which you would like to see our ads. We're most anxious to reach readers in the East, having hitherto concentrated on West Coast publications. We'll also be grateful to receive clippings from any source that mentions us. We'll reprint your clippings in our newsletter.

Remember: for each donation of $5, we can reach 500,000 Gays. Won't you help?

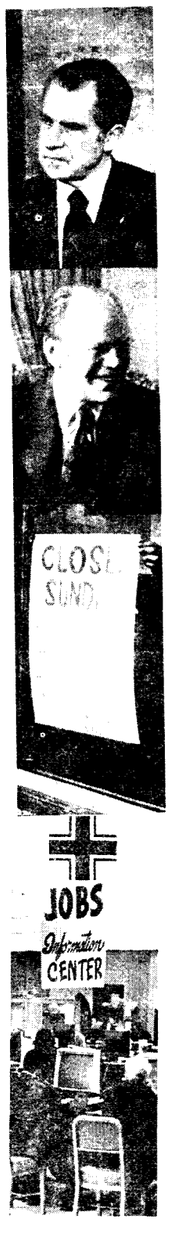
international report



Los Angeles -- Temple Beth Chayim Chadashim has petitioned the Union of American Hebrew Congregations for membership. Formed as the first Gay synagogue in the U.S., it now wants into the Union. Scholars of the Torah are chewing their beards over Jehovah's command to Moses: "If a man lies with a male as one lies with a woman, the two of them have done an abhorrent thing; they shall be put to death." Now, if Jehovah had restricted his commandment just to Jewish Gays, we might find ourselves endorsing the Torah.

Rome -- Italy's neo-Fascist party, the Italian Social Movement (MSI), amassed 3 million votes in 1972 and captured 56 of the 630 seats in the Chamber of Deputies, making it the nation's fourth largest party. Since then, the other "democratic" factions in the all-but-ungovernable country have banded together to get the MSI outlawed for the crime of "reconstituting the Fascist Party."

Washington D.C. -- At the current price of copper, it costs the American government nearly a penny to make a penny. The U.S. Mint wants Congress to authorize aluminum pennies in place of copper. The Federal Reserve System (and its Jewish string-pullers) have already debased the coinage by the removal of gold and silver from circulation. Copper is next. If they can find a way to remove the paper from paper, expect that proposal to follow.

St. Louis -- Bitter theological disputes have caused the Lutheran Church's Concordia Seminary to experience the suspension of its president, resulting in a student boycott. Adding to the school's troubles are bitter racial clashes at the 2,500-student Concordia campus in Minnesota. "Intramural touch football and basketball games between black and white teams ended in slugging matches," reports Christianity Today.

England -- Recently the rector of St. Mary's Church, Stoke D'Abernon, Surrey, "banned" the use of the Old Testament in his church. Secular Christian literature is scheduled to replace the unwanted portions of Scripture. Why the ban? He says: "It's that horrible stuff about the invading Israelites being ordered by their repulsive war god to massacre innocent people." He is also upset by "the revolting and unhistorical Passover saga of Jewish tradition," in which Jehovah killed every first-born child in Egypt.

Viet Nam -- The few members of the U.S. press corps to remain behind won't let the world forget the pet peeve of the Liberal news media: that quote by former Prime Minister Nguyen Cao Ky. Being interviewed in the mid'60's, Ky said, "I have only one hero -- Hitler. He pulled his country together when it was in a terrible state. We need four or five Hitlers in Viet Nam."

letters to the editor

Dear Editor:

I accuse: the Kike bankers. (To call them Jews would be blasphemy, for they are not Jews at all, but the "synagogues of Satan" refered to in the Book of Revelations, Chapters 2 and 3.

I accuse them of being responsible for the persecution of the Gays -- thanks to the Jew bosses who secretly lord it over every chief-of-police, over many state and local politicians, and definitely over the President (due to the fact that they put up most of the money for his campaign).

They and their agents in government and "law enforcement" take advantage of the fact that everyone is just a little bit Gay and that we live in an age of "reaction formation" -- wherein an individual is pulled in opposite directions, reacting against something he secretly wants to do that society condemns; calling it evil -- calling all who practice it evil -- yet feeling an urge to take part in the banned activity.

Undoubtedly those who condemn homosexuality most strongly are themselves latent homosexuals rebelling against that feeling within themselves.

Bankers have another motive for hating homosexuals: the homosexual is not led into the slavery of marriage. He remains single and is therefore dangerous to the "order" they are trying to establish. For obvious reasons, a married man is not so likely to rebel against authority as a single man. The Superkikes fear the rise of the Superman, a man unencumbered by the weaknesses of women. Thus, he must be slandered and persecuted.

The Kike international bankers and their cohorts have fomented and financed every war in modern history. The DuPonts, for example, sent billions in supplies to Japan before World War II under loans guaranteed by the U.S., thanks to FDR.

The Kikes are organizing and financing the drug traffic and running the "fence" operations that buy the goods the addicts steal to pay for their habits.

In my next letter I'll make more accusations and give references where you can prove these facts for yourself.

I am certainly no Naziphile; but no citizen, no matter how repugnant his beliefs, should be denied basic constitutional rights, even in the name of a just cause. To do so merely raises anew the spectre of totalitarianism and with it the end of all individual rights.

'Death threat' taken to police

SAN FRANCISCO—A mimeographed, angry letter received by numerous gay leaders in San Francisco (as well as by the ADVOCATE) has been interpreted by at least one of the recipients as a death threat, and the matter has reportedly been turned over to local police and FBI agents for investigation.

The typewritten letters have no signature, but the name of Steve Ginsburg, leader of Achvah, the local Gay Jewish Union, is typed at the bottom border.

Dated Mar. 11, the letter purports to be Ginsburg's resignation from his planning role in the Gay Pride Week events, including the parade, scheduled for San Francisco at the end of June.

Chief among the precipitating causes, according to the letter, was the publication in the *Bay Area Reporter*, a free gay bar advertiser, of display advertising which included a Nazi swastika. The letter charges that *BAR* has previously run advertising from the National Socialist (American Nazi) Party.

'Extinction' Threat?

After citing his unhappiness with various named individuals in the San Francisco gay community, the letter writer goes on to say, "Marked for extinction by the GLF and the people should be the following pigs:" and thereafter lists 11 in-

While San Francisco police have picked up copies of the letter and have questioned recipients, it could not be confirmed whether the local office of the Federal Bureau of Investigation is taking an active part in the case.

Ginsburg himself could not be reached, and the letter concluded with the statement that "my phone is disconnected."

Paper Destroyed

Broshears, meanwhile, said that Ginsburg was responsible for supervising the activities of a carload of persons who reportedly went from bar to bar, where the *Bay Area Reporter* is generally circulated, and collected "thousands of copies," which Broshears said were ripped up and dumped on the sidewalk outside *BAR* offices on two consecutive nights.

Blame for oil shortage

GLENCOE—In view of the appearance in the Chicago area of a disturbing bumper sticker stating "We need oil, not Jews," it seems urgent to stress to the public that the Israel-Arab Yom Kippur War did not cause the fuel crisis. Experts agree that the energy crisis has been developing for several years. Scientists in the field, economists, environmentalists, and top-ranking government officials have long been aware of the potential problems. If there is blame due, it must be placed on the laissez-faire policies of various administrations but not on the Israelis and the Jews in this country. This is a vicious attempt to take the heat off the governments concerned by sidetracking public outrage into anti-Israeli and anti-Jewish hysteria.

Profiteering is basic to the policies of the world consortium of oil-producing countries. If we are dispassionate and well-informed, we can hope to prev blackmail and distortion from impedi a peace settlement in the Middle East.

"PEOPLE IN GLASS HOUSES SHOULD UNDRESS IN THEIR GARAGES."

For the past year S.I.R. has been engaged in a battle with the Pacific Telephone Company, which company has denied it the right to place a display ad in the yellow pages of the telephone directory - indicating that "S.I.R. Center" welcomed any and all homosexuals to its center and is available to answer any questions pertaining to the homophile community!

So incensed was S.I.R. [illegible] that a [illegible] joined in, [illegible] the ad.

This i[illegible] freedom of the press. Freedom of advertising as allowed any other telephone subscriber and we concur with the homophile organizations that Ma Bell should be brought to task for its denial of this freedom.

If we have no other desire, it is our sincere belief that all groups, or persons should enjoy the same rights available to the majority.

With this in mind, B.A.R. accepted and ran a small card ad last issue for a gay group aligned with the American Nazi Party. It was felt that while the concept and record of Hitler's German Nazi Party, is abhorrent to us, we could not in clear consciousness deny them their inalienable right to advertise their group in our publication. We could not see how we can condemn "Ma Bell" out of one side of our editorial mouth, and then deny another organization that same right we so actively covet.

We understand that some copies of B.A.R. were burned and destroyed by local activist gay persons. This is following in the same pattern of the Nazi Party they so loudly condemn.

There are many ads in B.A.R. which are abhorrent to the personal tastes of the publishers. We do not engage in or condone FFofA activities, neither do we subscribe to S&M kicks. Sniffing of amyl (poppers) is not our cup of kicks but we feel the manufacturers of this potion has the right to advertise vials to contain it.

We believe we would be guilty of a more serious crime - that of censorship - if we denied the right of any citizen to wear a Roman collar or to espouse an S&M trip, or cast a covetous eye at a juvenile.

Let him who is guilty of none of these "sins" cast the first stone.

Dear Sir:

As a regular reader of your publication, I was shocked and horrified to see an ad promoting Nazi's in your issue No. 25. I can't believe that any but a few masochistic gays could promote a political organization which is directly responsible for the torture and murder of hundreds of thousands of homosexual not to mention Jews, Catholics, Gypsys, Mental patients and other "undesirables." These disgusting white racists call themselves "National Socialists" but they do not believe in socialism. They would like to kill all "non-Aryan" people and all "mentally defective" people including gays.

I hope you will not print ads for mass murderers in the future, as gays have enough problems already. But if you do I will ask the owners of the bar, that I patronize to remove the B.A.R. from their premises.

Yours Sincerely,
Rev. Peter Wm., Crowley, D.D.

Corresponding with the Editor

April 1, 1974

Dear Editor:

How long we've waited, we Aryan homophiles! How long we've waited for someone with strength and daring to wrench the wheel from those who've steered Gay Liberation hard to the Left. Your brave gesture should give us hope that we can help correct the present, reckless course of our sexual community.

By our inaction, our "tolerance," we healthy Aryan homophiles have forfeited control of our own identity to the likes of Warhol, Bowie, and the crazies of the Gay Left. As a result, the straight world now pictures us with a pink Afro and a sequined tank-top, twitching to the demon beat of Darktown.

Is that the measure of our heritage -- to serve as ribbonclerks at the firesale of Western Civilization? In reality, we can claim racial and sexual kinship with the blond Alexander; with the warriors, statesmen and artists of Classical Greece (at that time, peopled with Nordics); with Sweden's great warrior-kings, Charles XII and Gustav III; with William of Orange; Prince Eugene of Savoy; Frederick the Great; Neitzsche; Lawrence of Arabia; the founders of the Freikorps and the Sturmabteilung; yes, and currently with hundreds of America's proudest entrepreneurs, scholars, artists, athletes and fighting men.

This is our heritage...or was. But our self-proclaimed image-makers, the Liberation loonies, feel only scorn for that heritage. See the end result of their scorn, the rock-bottom of democratic decadence: a typical crowd in a typical West Hollywood gay bar. There -- as a nation, as a race, as a sexual community -- we have truly bottomed out.

Little wonder the homosexual remains America's last pariah. We have wallowed in sewage: political, social, racial sewage. And the smell is hard to wash off.

Yet we should take hope from history's amazing record. We should recall that Aryan homophiles by the thousands played key roles in the toppling of a decadent German power strucure; that many of those who felt repelled by the gay cabarets of Berlin often found a home in the S.A.

History cannot repeat itself exactly; and, indeed, it's evident that we homophiles are unwelcome among the majority of our racial brothers or in the ranks of today's activist Right. But, welcome or not, we are needed -- just as we, in turn, "need" a society in which Aryan man and his civilization can survive.

Nature and the human condition insure that there will always be homosexuals aplenty. But, tragically, there are no such guarantees for the survival of our race and our civilization. Here only a massive effort can save us.

I salute you in your effort and wish you every success. As a gesture of solidarity, I'm enclosing my application and membership fee.

You'll also find enclosed a copy of my 1972 speech to a convention of Waffen-SS veterans in West Germany. I'm including them as evidence of my good faith and my "right thinking." Fight on!

The Myth of the Six Million

This tremendously important book conclusively refutes the tale of six million Jews allegedly murdered during World War II. Taken from innumerable sources including many documents never translated to English and the records of the Nuremburg War Crimes Trials, it proves the claims of deliberate genocide to be totally false.

NATIONAL SOCIALIST LEAGUE
EXTREMIST MATTER -
WHITE HATE

The NSL published a sample copy of its newsletter entitled, "NS KAMPFRUF" for May - June, 1974. In its application for membership in the NSL, the organization was self-described as follows:

> "The NSL is an international organization promoting the free association of proud White Men, united by their determination to pursue sexual fulfillment without shame or hinderance."

Source One advised, on July 3, 1974, that the NSL held a meeting on June 30, 1974 in Echo Park, Los Angeles. Ten persons, whom the source described as militant, gay people, attended the meeting. The meeting concerned methods of raising money from the public by use of mailing lists and sale of "white power" books.

Source One advised, on November 29, 1974, that the leader, [redacted] is an admitted homosexual, who attempts to publish white hate type literature to raise funds to support himself rather than attempt to earn a more gainful livelihood. Source further stated that there have been no additional meetings of the NSL since the June 30, 1974 meeting. Source stated that the NSL is for all intents and purposes a defunct organization as there is no interest to rejuvenate it. b6 b7C

On September 22, 1972, [redacted] was convicted in the United States District Court, Northern District of Ohio, on the offense of using mails in a scheme to defraud and placing order in fictitious names. He was sentenced to three years probation; seek and maintain psychiatric counseling until ascertained by therapist that either it is futile or defendant no longer is in need of psychiatric counseling. b6 b7C

NATIONAL SOCIALIST LEAGUE
EXTREMIST MATTER -
WHITE HATE GROUP

This investigation is based on information which indicates that the National Socialist League (NSL) is engaged in activities which could involve a violation of Title 18, U. S. Code (USC), Sections 2383 (Rebellion or Insurrection), 2384 (Seditious Conspiracy), 2385 (Advocating Overthrow of the Government), or Title 50, USC, Sections 781-798 (Internal Security Act of 1950).

The NSL is an international organization promoting the free association of proud White Men, united by their determination to pursue sexual fulfillment without shame or hinderance.

On May 10, 1974, Source One, who has furnished reliable information in the past, furnished a leaflet dated May 6, 1974, announcing that an organizational meeting of the NSL would be held on May 19, 1974, at the residence of its [redacted] The purpose of the meeting was to lay groundwork for the movement. The leaflet listed Post Office Box 26496, Los Angeles, California, 90026, as the official address of the NSL.

Records of the United States Postal Service, Edendale Station, 1525 North Alvarado, Los Angeles, reflect that Post Office Box 26496 was subscribed to by [redacted] b6 b7C [redacted] listed his employment as the [redacted] for the purpose of printing newsletters. The business address was the same as his home address. [redacted] applied for the post office box on January 17, 1974, under the name of the NSL.

The NSL published a sample copy of its newsletter entitled "NS KAMPFRUF" for May - June 1974. In its application for membership in the NSL, the organization was self-described as follows:

> "The NSL is an international organization promoting the free association of proud White Men, united by their determination to pursue sexual fulfillment without shame or hinderance."

Source One advised, on July 3, 1974, that the NSL held a meeting on June 30, 1974 in Echo Park, Los Angeles. Ten persons, whom the source described as militant, gay people, attended the meeting. The meeting concerned methods of raising money from the public by use of mailing lists and sale of "white power" books.

Source One advised, on November 29, 1974, that the leader, [redacted] is an admitted homosexual, b6 b7C who attempts to publish white hate type literature to raise funds to support himself rather than attempt to earn a more gainful livelihood. Source further stated that there have been no additional meetings of the NSL since the June 30, 1974 meeting. Source stated that the NSL is for all intents and purposes a defunct organization as there is no interest to rejuvenate it.

On September 22, 1972, [redacted] was convicted in the United States District Court, Northern District of Ohio, on the offense of using mails in a scheme to defaud and placing order in fictitious names. The source further advised that [redacted] was urging members of the NSL to buy a handgun and occasionally go to practice ranges for target practice. b6 b7C

On June 27, 1975, Source Two, who has furnished reliable information in the past, advised that [redacted] is identical with [redacted] The source further stated that prior to December, 1974, [redacted] changed the name of the NSL official publication from the "NS KAMPFRUF" to the "NS MOBILIZER" and that [redacted] is the Editor. b6 b7C

Source Two advised on July 18, 1975 that officers of the Criminal Conspiracy Section of the Los Angeles Police Department went to the residence of [redacted] and [redacted] on June 27, 1975, on information received to the effect that explosives were being manufactured and stored in their residence. [redacted] gave the officers verbal permission to search the residence. A search of the premises failed to produce any explosives or component parts of illegal devices. The search, however, located in plain sight a number of capsules resembling amphetamines, as well as a quantity of marijuana. Three flower pots containing live marijuana were found to be growing on the window balcony. b6 b7C

Officers placed [redacted] and [redacted] under arrest for violation of California Health and Safety Code Section 11378 (Possession of Dangerous Drugs For Sale). Bail was set at $500.00. b6 b7C

Source One advised on August 4, 1975 that there have been no recent meetings of the NSL held but that [redacted] continues to publish the "NS MOBILIZER".

On June 27, 1975, Source Two furnished the following copy of the April - May 1975 issue of the "NS MOBILIZER" reporting the first national convention of the NSL held on February 16, 1975:

THE N.S.L.

CONFERENCE

Outlook For

1975

MINUTES OF THE 1ST NATIONAL CONVENTION OF THE N.S.L.

The Setting

The scene is a dimly lit bar in Los Angeles. The time is mid-morning, Sunday, February 16, 1975. Near the far end of the room stands a spotlit podium, backed by a large floral wreath of red and white carnations. At the center is a black swastika. Behind the lectern stands a large table, overflowing with booklets and pamphlets. Posters, portraits, flags and banners adorn the room. The stereo speakers blare a medley of anthems and marches. The smell of hot coffee fills the air.

Delegates and guests, sore with coffee and donuts, others with a forenoon beer, have gathered. They are variously dressed, some wearing the familiar light brown, long sleeved shirt with dark tie, National Socialist armband and Sam Browne belt. Others sport leather outfits, a few in blue jeans and casual shirts. Some wear business suits. The average age seems to be about 25. The overall mood is relaxed and cheerful. Conversations overlap, some on politics, some on social life.

Call to Order

Promptly at 11 a.m., a tall, gaunt man steps to the podium. His hair is dark; his piercing eyes, darker. He wears black clerical garb with a Roman collar. No gavel is needed; the room falls silent at once. He introduces himself as Rod Reicher, continuing in a resonant voice, as he makes the invocation:

"We ask all the powers in the universe, present in and around us today, to strengthen the glory of our race and to look favorably upon our enterprises, as we open this convention.

I would like at this time to introduce Mr. Rolf Hansen, national secretary of the N.S.L."

Hansen comes forward. He's in his mid-30's, a six-footer with straight, sandy brown hair, gray eyes, a moustache. He wears the brown-shirt uniform. He speaks in a clipped baritone.

Transcript of Keynote Address

Fellow members and friends of the N.S.L.: as secretary of the League and on behalf of our director and of the Los Angeles host delegation, I welcome you and declare this first national convention of the N.S.L. to be in session. The theme of this, our first-anniversay meeting, is "A Demonstration of Faith." The motto is, "In Unity--N.S.L.--There is Strength!" And, demonstrating that unity and faith, our meeting today has drawn members from three states and from 10 cities in California. In addition, members in five other states are represented through telegrams and letters, portions of which I'd like to share with you at this time. (He reads excerpts from the messages.)

To those of us who've studied the history of the original National Socialist movement in Germany, there's nothing strange in our little group's meeting in a bar. After all, the original members of the struggling young Nazi Party assembled in a Munich beer hall. And, in the Party's early years of growth, its hardest-fighting units--battling for political life in Berlin --met regularly in one of that city's cabarets.

My role this morning is to give a short background on our League and on the state of things in the world around us that led directly to the N.S.L.'s formation.

January, 1974: the month and year of the League's founding. The intervening 12 months saw the climax of the Watergate fiasco, along with the Hearst kidnapping, the surfacing of the energy crisis, double-diget inflation and the deepening recession. You've no doubt seen coverage of all these on the evening news. But many of the crises that brought the N.S.L. into existence you will scarcely have heard mentioned on TV--even though these crises hold the gravest menace for our planet, our nation and our race. I'd like to touch briefly on a few of these:

A revealing survey early in 1974 was taken among White high-school students nationwide. On a list of 100 famous persons, the majority of students could not identify such names as Aristotle, Marcus Aurelius, Galileo, Chaucer, Michelangelo, Holbein, Moliere, Catherine the Great, Haydn, Schumann, Berlioz, Wagner, Tennyson, Thoreau, Henry James, Neitzsche, Rodin, Pasteur, Mussolini, Rommel, Montgomery, MacArthur, or Werner von Braun. In fact, the majority

scored dismally on most all of the White Gentile names.

Now, interestingly, when dealing with other than White Gentiles, the students could identify the likes of Marx, Lenin, Freud, Einstein, Moyshe Dayan, George Washington Carver, Elijah Muhammed, Malcolm X, and Martin Luther King. Care to guess the three men most admired by this cross-section of White teenagers? Muhammed Ali, Cesar Chavez, and Bruce Lee.

When asked to characterize American history in the last 200 years, the descriptions by these young Whites revealed an obsessive sense of racial guilt--for alleged White crimes against the Indians, the Blacks, the Orientals, and the Latin Americans.

The descriptions by students showed virtually no awareness of the incredible achievement of White pioneers in carving a nation from a vast wilderness; no awareness of the world-changing outburst of White inventions and technology starting in the 1800's; no awareness of the centuries old White crusade to bring legal codes, political liberty, standards of social justice and civilization itself to the entire world.

At least the majority of White students did remember that America had landed men on the moon--a bit of news that Bruce Lee's cousins in Communist China to this day have been forbidden to hear.

Perhaps most distressing was the students' total lack of consensus as to any current goals for America. When, in the great hereafter, Providence reviews the blackest crimes of history, near the top of the list we will find the systematic theft of our White heritage and our national sense of goal. In three decades of world criminality, no crime exceeds this burglary of patrimony and purpose from the descendents of those who founded the ideal of human justice; the heirs of the master architects, artists and musicians of world history; the children of the inventors of modern medicine and all the rest of modern science--all of them robbed of their heritage and their sense of goal. Boiling oil is too mild a fate for those guilty of such a crime!

One year after that student survey appeared, although the level of racial self-esteem among the majority of Whites may be lower than ever, at least an organization has appeared among White sexual nonconformists, intent on restoring to our special community an awareness of the great White men in history who have shared our sexual and racial heritage! If we had no other mission, my friends, this mission alone would make the N.S.L. worthwhile!

Recent Scientific Studies of Race

In January, 1974, if you had asked the average White American to tell you the significance in the recent findings of Prof. Shockley of Stanford, Prof. Jensen of Berkeley, Dean Pearson of Montana, Prof. Greenway of Colorado, Prof. Herrnstein of Columbia, Prof. Baker of Oxford, and Prof. Lorenz of Zurich--the significance of any or all of these findings--you'd get a shrug or a blank stare.

The answer, of course, is that these and scores of other physical scientists, psychologists, sociologists and anthropologists have demonstrated through all manner of scientific means what any open-eyed American can see on all sides: namely, that nature does play favorites when doling out the brains; that the average Black is incapable by nature of meeting the minimal mental demands of modern White society; that Black intelligence varies in precise ratio to the proportion of White genes in those being tested. By extension, these findings prove that the whole forced-integration movement is founded on an empty myth and that further mongrelization of society will only raise the Blacks' inate ability to the degree it pollutes the White gene pool and further lowers the standards of White society in the process.

Genocide...against Whites

All this may indeed be "academic." Why? Because during 1974 it became evident that the Blacks are taking a short cut: the rate of murders and violent assaults involving Black assailants and White victims has sky-rocketed. The typical Black mugging or hold-up involves the shooting or knifing of the victim as its primary goal. The loot is secondary. (And, by the way, nowhere is this problem more alarming than in San Francisco--not that you'll read about it in the drag rags or the Gay Lib gazettes of that beleagured city. As far as such publications are concerned, THE problem of the moment is the appearance of honest-to-God swastikas on the streets of San Francisco!)

Routinely now, Whites who venture into Darktown, even by day--whether in an ice cream wagon, a taxi or a bus--are "wasted" for a pocket full of small change, if any excuse is needed at all.

In 1974 alone, according to the Senate Subcommittee on Juvenile Delinquency, more than 100 youngsters were murdered on school grounds and more than 70,000 teachers were assaulted. Damage due to vandalism in that year passed $500 million, more than was spent on textbooks nationwide. If things continue on their present course, there won't be enough Whites in the schools, as pupils or as teachers, for integration, much less for intermarriage.

But, in 1974, a new organization joined the ranks of those groups in America and in Europe speaking out against the despoiling of our great cities and the bleeding of our great race by the new Mau-Maus and by those who egg them on. And we of the N.S.L. will continue to speak out, to teach and to tell to ever more receptive audiences the grim fact that no one will guard the White man, no one will fight for White civilization unless we take action to defend ourselves!

The Illegal Alien Problem

In 1974 most Americans had no idea that, according to the Immigration and Naturalization Service, the number of illegal aliens who had crept undetected into the United States had risen above 7 million. These illegals are paying little or no taxes, sending most of their earnings out of the country, sucking up welfare and social security, crowding public services already staggering under their existing loads, and making White, English-speaking citizens feel like strangers in our own cities.

And nowhere is the problem more severe than here in the Southwest--in Phoenix, San Diego and Los Angeles. Yet, a week ago, the mighty LOS ANGELES TIMES was editorially silent on the subject. When the TIMES broke silence, it was to moan about the danger of abusing the illegals' civil rights. The response to the problem by the pathetic Immigration and Naturalization folks has been to refuse to renew the legal visas of White visitors in the U.S., most of them from Northern Europe!

Today, a year later, the number of illegals has risen to nearly 12 million. Much of Downtown Los Angeles now resembles Juarez. You have to look closely to find a store sign in English. Ironically, patriotic Mexicans in Mexico would never stand for such a situation. If you move legally to Mexico to open, say, an English-language bookstore, you can't even post your store sign in English. If you move there expecting to work for someone else legally, you'll six months before even finding out who in the government to bribe.

Is the problem insoluable? Not according to a spirited little group founded in Los Angeles during 1974. As members of that group, we say, first of all, disbar the one Jewish judge who ruled that any illegal alien can now qualify legally for welfare and the other Jewish judge who ruled that the Border Patrol cannot stop cars for inspection a mile inland from the border. Second, we say: jail employers who knowingly hire illegals; and, third, get the thousands of garrison-duty soldiers off their duffs and get the cops away from public-john peep holes and out of the gay bars, and put them all to work guarding the frontiers and shipping back all those illegals spewing across our borders!

The communists and the revolutionary Left have declared that the illegals deserve the full status of citizens. Indeed, the Reds in Chicano Liberation are quite blunt about their goal. They plan to swamp the American Southwest with Chicanoes, then to link up with a newly revolutionized Mexico. We of the N.S.L. will fight alongside our fellow Whites to prevent it!

Good Year for the Reds

Like so many years before it, 1974 was a triumphal one for the Reds and the Pinks. Internationally, communism gained on every continent. Kissinger's sell out of South Viet Nam and Cambodia, disguised in 1973, began to become evident in '74 as communist troops surged toward final victory in Southeast Asia. In Africa, following a communist take-over in Portugal, Black revolutionaries began the violent extermination of all Whites and all White influences in the former Portugese colonies, bringing armies of communized cannibals to the borders of South Africa. In the Mediterranean, Kissinger's strange mishandling of the Cyprus problem led to Greece's angry withdrawal from NATO, to wild outbreaks of anti-Americanism all over that country, and to the cancelling of military aid to Turkey.

Kissinger's Middle East policy assured virtual bankruptcy for the Western world, as our senseless alliance with the bandit state of Israel led the Arabs (spurred on by the Soviets) to raise the world price of oil nearly 300 percent. Kissinger's answer to such petro-piracy was

a $6 billion military shipment to Iran and a massive loan to Venezuela at one percent interest.

National Socialism versus Marxian Socialism

1974 revealed at least part of the truth of that massive swindle called detente: Russians buying up vast amounts of our wheat at dirt cheap prices, driving up the domestic price of grain foods and meat to Americans, just as the Soviets turned around and resold the same wheat on the world market for a tidy profit.

And, here in America, a floundering economy and unemployment guaranteed Marxist demagogues ever larger audiences. I won't take time here with historical accounts of how Adolf Hitler took over a nation with nearly 50 percent unemployment and how, within a year, he had brought that nation to full employment. Suffice to say that the Left has a point or two in its critiques of the octopus tentacles of international banking and of the banking oligarchies, as represented by the Rockefellers--critiques of the incredible short-sightedness and ineptitude of current U.S. governmental economic policy.

But, at its worst, America's economic system has never come close to the stupidity of Soviet socialism. According to one Russian wag, if the Soviets took over the Sahara, all would seem to go well for a while...then there'd be a terrible shortage of sand. And, apart from stupidity, America has never approached the soulless horror of Marxian society.

Alexander Solzhenitsyn estimates that Soviet communism alone has accounted for some 40 million human beings put to death purely for political and economic reasons. This 40 million excludes the victims of Chinese communism. The latest exposé concerns "Operation Keelhaul" at the end of World War II, wherein American and British troops rounded up every Russian fugitive they could find in Western Europe--men, women and children, some of them residents in the West since 1917--and shipped them back to face firing squads and death camps in the U.S.S.R. This little fact of history has been top secret ever since the Yalta Conference.

It's important that we understand our ideological differences with communism. Communism scorns the concept of race and seeks to divide White society into warring classes. By contrast, a prime goal of National Socialism is White racial self-awareness and unity across class barriers. Communism forbids individual enterprise, instead binding all men into servitude to the monster state. By contrast, National Socialism has no quarrel with individual enterprise or ownership, objecting only to the selfish misuse of a nation's resources against the best interests of her people.

Communism preaches "dialectic materialism" and wages war on every spiritual value of its hapless subjects. By contrast, National Socialism believes the soul of the folk and the deep spiritual needs of each man give meaning to our lives and character and direction to our race.

The strength of communism lies in the completeness of its ideological system--giving an answer to every question. In that sense, we believe that National Socialism has the same strength. Indeed, we make so bold as to claim that National Socialism is the only ideology that can meet and defeat communism in a world battle of ideas--the battle for men's lifelong allegiance. Democratic capitalism, because of its lack of any overall goals, its lack of answers, is losing the struggle on every front. Lenin once said: when the last bourgeois is hanged, it will be with rope sold by a capitalist. Capitalism, like its favored political system, democracy, seems incapable of mounting a defense against its real enemies. And it has actively aided the termites gnawing at our civilization. The business community in America has surrendered with scarcely a murmur to the Affirmative Action bureaucrats. Every major corporation in the land is busily easing out capable Whites in favor of incompetent Blacks and Chicanoes. And the hiring of illegal aliens is one more testimony to the treasonous greed of the business mentality. By peddling squalid Black social values, cannibal rock and pimp-inspired fashions to our dizzy White youth, American capitalism is conducting a fire sale of Western Civilization, having previously helped to set the very fire that charred our society.

But 1974 also saw the appearance of a new group in America claiming the label of National Socialist. We're proud to claim it, realizing that, with the virtual suicide of Europe, American National Socialism represents the only movement that can insure social justice for the majority in America, along with national and racial survival!

The Jews in 1974

Subscribe!

If 1974 was a banner year for the Reds, it was a mixed year for communism's carrier race, the Jews. Oh, yes: the Jews did mighty well in some areas. In January a year ago, there three Jews among the 11 members of the President's Cabinet. By January, 1975, five out of the 11 were Jews. Now joining Kissinger, Simon, Weinberger and Schlesinger are Benjamin Bailer, the new postmaster general, and Edward Hirsch Levi, the new Attorney General. That's impressive when you consider that the Jews comprise a mere three percent of the total U.S. population.

But 1974 also saw growing numbers of Americans awaken to the gigantic hoax that international Zionism is pulling on the world. More and more articles appeared poking holes in the tale of the Six Million, the mythical martyrdom of European Jewry that the Zionists used to brow beat Britain into ceding Palestine and then to shame the U.S. into its blank-check support for every piece of Israeli thievery, including hundreds of billions in U.S. dollars sent as direct aid and in tax-deductible gifts to the United Jewish Appeal--a Zionist front.

The latest anti-Zionist bombshell came in the form of a letter to the editors of a national newspaper. During World War II, the writer had been a secret British agent wearing the uniform of the S.S. The British sent him on missions to assassinate various German officials. In the course of these missions, disguised as a German officer, he visited most of the concentration camps in German-occupied Europe. His letter concludes that the 1946 report of the International Red Cross was accurate: to wit, that some 300,000 people--some Jews, mostly Gentiles--died in those camps, predominately from starvation and typhus as German food and medical supply lines collapsed. An awful situation, surely; but at least 5,700,000 short of the preposterous figure of 6 million that the Jews continue to bleat.

And 1974 saw the first holes knocked in the silly fiction that Russia has singled out its Jewish minority for persecution. More and more Americans are realizing that, at present, the only people ever allowed to emigrate from the Soviet Union are the Jews. Most of those Jews leaving Russia claim to be heading for Israel, only to change direction in Austria and hightail it to the good ol' U.S.A. at the rate of 150,000 a year.

We of the N.S.L. say, if any people ever deserved to stay put in Soviet purgatory, it's the Jews--the same people who invented and continue to carry communism world-wide.

The Usurpation of Freedom Here at Home

1974 was the year in which many Americans and many Britons began to awaken to the awful encroachment of bureaucracy and the fearful breakdown of governmental responsibility. By classic definition, the social contract means that you and I trade some of our freedom to the state in exchange for protection in those areas where the individual cannot protect himself--from violent crime, epidemic disease, foreign invasion, and so forth.

It's generally agreed that White men in America today have traded away more of their liberty than ever before. In exchange for taxes, which--directly or indirectly--add up to about 60 percent of each dollar; in exchange for the snooping and intruding of government; in exchange for absurd laws making criminals of puffers of peters and pot; in exchange for all this, we have a police force that confesses itself helpless to defend us against real crime, yet would forbid us the right to fire a weapon in our own defense. We have a defense establishment so corrupt and inept that, despite gigantic outlays of money for "defense," a 12th-rate power in the Far East makes fools of us.

And the prospects are no better ahead. Through loopholes in our constitution, whole armored divisions of federal judges continue to rumble, with the result that, in Boston, the citizens vote 13 to 1 against busing and thereupon watch as their kids are forcibly hauled away to the urban meatgrinder. Not only does the majority no longer rule in this society, but today it's required by federal statute to shovel endless taxes into the gaping maw of worthless minorities and to finance every other program of national suicide.

No, my friends; the White, Gentile majority does not rule this so-called democracy. Instead, our tragic land is now controlled by elements exploiting all democracy's weaknesses and short-circuiting all its natural defenses. It is ruled by the Jews and their dupes in the guise of lawyers, judges, financiers, bankers, union bosses, newsmen, professors, members of congress, bureaucrats, campaign managers, fund raisers, and "consumer advocates"--overwhelmingly Jewish or Jew-manipulated.

But 1974 saw the formation of another group, the N.S.L., that joins those who say: Enough of this fraud! It's time to give the reins back to the majority's true representatives--time to clean house and, ironically, to make America "safe for democracy."

Sexual Nonconformists

Up to now in this review I've said little about sexual nonconformity. But these special people are central to the concerns of the N.S.L. Before January, 1974, the patriotic, racially conscious White homophile had no organized voice speaking on his behalf. By default, the radical Left claimed Gay America for itself. And, if you don't believe that, I call your attention to any publication by San Francisco's Gay Liberation Front where, along with the articles on fist fucking and silicone injection, you'll find columns on the martyrdom of Salvatore Allende and the subtle charms of Angela Davis.

A year ago the big majority of Gays were unaware that the publisher of virtually every Gay newspaper and the power behind every Left-leaning Gay political organization was Jewish. A year ago, brazen Black assaults upon White Gays in prisons, on the streets and in the bars were passed over in silence by the Gay press. Worst of all, a year ago, every straight Right-wing group had an implicit ban on Gays in its membership.

A year later, the most widely discussed happening in Gay and bisexual America is the N.S.L. And, in taking note of us, however unflatteringly, the Gay community has had to examine the issues we raise. In some cases, Gentile staff members have defied their Jewish publishers in giving us objective coverage. Suddenly, the Gay Left has a fight on its hands. And, most dramatically, suddenly at least four major Right Wing groups have dropped their sexual bans, some going so far as to advertise in our newspaper.

But all this ground has not been gained easily. N.S.L. members in San Francisco have been assaulted on the streets by White leftists for the crime of wearing a swastika button. One of our members who hosted a quiet, low-key N.S.L. screening of a movie has been forced to move from the building after death threats and savage abuse. Newspapers running our noncommital little ads have had windows smashed and hundreds of copies of the offending issue seized and destroyed.

The official Gay Lib and J.D.L. line is that we're just a desperate legion of ancient leather queens who'll stoop to any hateful mascarade in order to get laid. That's the line: 1,400 withered old aunties, waving the swastika to catch the eye of jaded tricks. May I say, if that's our strategy, it sure has flopped in my case. Our national director, who is 23, and the majority of our members who are well under 30, can smile. I who am, well, over 30 find it harder to laugh.

Having made progress toward two of our goals, can we now drop our special concern with the sexually nonconforming community and "go straight"? No, that would be a bad mistake. The land is littered with straight, Right-wing splinter groups. But, without us, Gay America would have nary a g oup to the right of Troy Perry. We are needed here, and I for one feel that the Gay community presents enough challenge for a group that can barely afford the cost of serving even just the Gay community.

On the other hand, why don't we turn our backs completely on straight, Right-wing groups and involve ourselves with purely Gay issues? Again, the answer is that we cannot. There are no purely Gay issues worth discussing--not when Gays and straights face the same misdirected, malfunctioning police establishment; not when Jewish lie-mongers besmog the air with misinformation, both in straight and Gay publications; not when whooping Hottentots assault the ears and the sculls of Gay and straight alike; not when the enemy is trying further to subdivide an already splintered White society.

I'm going to make a wild prediction! I think this nation is headed smack into a new civil war. On the one side, the Marxists, the Blacks and the Chicanoes would be fire-bombing; on the other side, the militant Right would be pot-shotting. Put your money on a sudden leap to the right by the majority of Whites and a consequent victory for that side.

Need I tell you that a civil war would change our society radically? Think about your own personal fate in a land ruled by a post-civil-war White military dictatorship, in which the entire Gay community was looked upon as a fifth column for the Reds and the Blacks. Thanks to the N.S.L., you may never have to experience such a situation. Thanks to the N.S.L., White sexual nonconformists as a group need never be labeled "traitors to their race." And that, my friends, may well prove the difference between life and death for us all!

Above all, we can't turn our backs on the majority in our nation because, irrespective of what we do with our bodies, our hearts belong with White America. And, because we love the America of our fathers, we cannot stand by as it staggers in the half light.

Conclusion

Some 3,000 years ago the ancient Greeks enkindled the torch of Aryan racial greatness. Posterity has passed that light from White hand to White hand, across the ages. The torch passed to America early in this century, as White Europeans fell into deadly struggles among themselves. For a time, we held it high, and its beams enlightened the whole Western Hemisphere. But today the torch lies there, sputtering in the dirt, because Americans are now too bored, or too lazy, or too stoned to hold it up.

It's a heavy burden, I grant you--a giant torch, dwarfing even Miss Liberty's. We'll need every pair of White hands available to hoist it once again, Gay and straight. But, my brothers, we can't fail to make the effort. If it goes out, that means darkness and oblivion for the whole planet.

They're watching us now, those great ones of our blood line. Old Plato has his arm draped over the broad shoulders of young Alexander. Julius Caesar, King Frederich, and William of Orange have interrupted their card game over the favors of a cavalry officer and now they're staring this way, too. Walt Whitman, hand in hand with a burly woodsman, is coming in our direction. Ernst Roehm and at least a score of hunky stormtroopers are buttoning up their tunics and trying to look more military, as they gaze down on us.

Let's show them. Let's show the world...that our race and the White Gay community within that race still are worthy to be called MEN!

HEIL HITLER!

A refreshment break follows, lasting 15 minutes. Then the meeting is called back to order. Hansen:

"One of several groups affiliated with the N.S.L. is represented here today by that fascinating man whose invocation opened our meeting earlier. Some of our members emulate him; others debate him. We leave it to you to evaluate his remarks. By the way, in addition to his many years of work within occult societies in the Bay Area, he is--when out of clerical garb--a familiar sight on bike runs. May I present Mr. Rod Reicher.

Reicher's Remarks

The "Thule Gesellschaft" was one of several occult organizations in Germany during the late 1920's and '30's. It was a neo-pagan group practicing ritual magic. Its aim was, first, to come to grips with powerful, unseen forces vying for the allegiance of the world; and, second, to fulfill the destiny of Aryan man. These goals were to be accomplished by the use of ritual magic to bring about the spiritual rebirth of an obscure young Austro-German named Adolf Hitler. With Hitler as their spokesman, the Thule Society became the magical center of the Nazi movement. I would refer those interested in pursuing the subject at length to such books as THE MORNING OF THE MAGICIANS by Pauwels and Berger, or THE OCCULT IN THE THIRD REICH by Angebert.

The Thule Society utilized the electrical and magnetic energy in their rituals to create a field of power. One of the best known rituals is "the Electric Prelude." It was performed in Nazi Germany (circa 1932-35) by the elite of the S.S. The power symbols of the movement were used and full uniform was worn. Let me read you the closing invocation in German, then in an English paraphrase:

Das Zwielicht is hier!	The Twilight is come--
Die Götterdämmerung is hier!	The Twilight of the Gods!
Siehst Du in Osten das Morgenrot?	The dawn breaks in the East!
Der Morgen der Magai ist hier!	It is the morning of Magic!
Die Welt is ein-Feuer!	The world is afire!
Loki lebt auf der Erde!	Loki lives upon the earth!
National-Sozialismus regiert auf Ewig!	National Socialism reigns forever!

Introduction of Russell Patton

Rolf Hansen: I'd like you now to meet the national director of the N.S.L., who has some awards to present and some remarks on the coming year for the N.S.L. Speaking of awards, I suppose you've heard that Rev. Troy Perry, the love child of Aimee Semple McPherson and Fatty Arbuckle, has spoken out bravely and eloquently on the growing racial intolerance among homosexuals. Rev. Perry says its spreading like a virus; and he proposes an award--a scroll--to be given to each homophile who has spoken only in love and understanding of our Black, Brown and Hebraic brethren. And do you know what that scroll says? You don't? Neither do I; I didn't get one either.

But now, in all sincerity, it's my honor to present to this convention a young man who, despite his youth, stands as an example to all of us through his courage, his spirit and his deep commitment to the truth. Gentlemen: the founder and national director of the National Socialist League, Mr. Russell Patton.

Précis of Remarks by Russell Patton

The director began by presenting medallions to three N.S.L. members for their work and sacrifices on behalf of the League, including scores of hours in donated labor and hundreds of dollars in direct donations--even though two of the three are currently out of work.

The members responded with a surprise award of their own for the director: a marble-based pen holder adorned with a bronze plate honoring his first year in office.

The director noted that each person attending the convention would receive a gift book containing photographs of National Socialist leaders.

He stressed that this first convention was intended, not as a rally, but a demonstration of faith. In keeping with the theme, a dozen members had been working on the convention project and had gotten up at dawn this Sunday to prepare the hall. And many delegates had driven hundreds of miles to be with us.

The director pointed out that "I'm not a FÜhrer, but simply a man who knows what the enemies of our culture are doing and who therefore must speak out, must act out of my certainty and my deep feeling." He reaffirmed his willingness to debate anyone on the Left, at any time, in any place. But he noted the great difficulty in getting Leftists to accept such an offer, preferring to debate only gutless "conservatives" or milk-sop Liberals.

The director reviewed the League's accomplishments in 1974. These included: the printing and distributing of some 19,000 pieces of literature and a massive effort to correct the false image of the sexually non-conforming American, especially among the 3,000 Right Wing groups in this country. Our members are living proof that "Gay" is not synonymous with child molestation, cross-dressing and sex-change surgery. True to our goal, we have succeeded in starting a vital dialogue between the sexually nonconforming community--previously untouched by the Right Wing message--and many of the key groups on the Right.

In 1974, the League grew from a membership of two to such a size that we must rent a bar to hold even a token representation of our full membership. By our very existence--irrespective of anything we have said or done--we have caused panic among our enemies. Certainly, we are not poised on the Potomac, ready to seize power. But we have at least proved in our first year that a group of self-proclaimed sexual nonconformists can come together in support of racial nationalism, and can survive and grow inspite of disbelief and violent hostility.

The director set forth ten goals for 1975:

1. We seek to make THE N.S. MOBILIZER a forum for the views of all our members, not just an outlet for the views of the handful who work on the paper.

2. We seek to identify National Socialism in terms meaningful to the countries in which our members live--not to perpetrate purely German images of the movement. For the ideals that National Socialism represents are equally applicable to any White Gentile nation.

3. We must step up our fight for repeal of laws passed by 19th Century religious fanatics against victimless "crimes" and upheld today by senile jurists.

4. We are determined to raise the sum of $1,975 during the year, to furnish our members and our volunteer staff with means to spread the word ever wider.

5. We are determined to establish postal contacts and/or message services for the N.S.L. in every center of sexual nonconformity across the country.

6. We will firm up the N.S.L.'s chapters in Chicago, New York state, San Diego, and Arizona. And we will continue to speed aid to our embattled chapters in San Francisco and Georgia.

7. We will make selective use of the equal-time provision to take part in elections, thus making use of public forums to get the word out.

8. We will continue to help prove that the individual can still make a difference in the world (remembering that, if all those who refused to vote for Wallace in the last presidential primaries because "he couldn't win" had cast that vote, the election of 1972 might well have had a different outcome).

9. We will intensify our campaign to get Right Wing groups to drop any ban on sexual nonconformists as members, having enjoyed success with several groups thus far and having opened a dialogue with many others.

10. We will strive even harder to convert all the names on our mailing list into active members.

Précis of Remarks by Jack D.

Following the director's presentation, the meeting was addressed briefly by Master-at-Arms Jack D. He spoke of the growing awareness among Americans of the incredible concentration of power in the hands of world Jewish financiers and bankers. He urged members not to support the banking system, as it is presently constituted. Instead, members should find other secure Gentile investments or repositories for their money.

He predicted that Rockefeller would take over the presidency from Ford, and he noted the Vice President's key position in the international banking power structure.

Finally, he spoke about techniques for demonstrating and for disrupting the demonstrations of our foes. He urged members to investigate Young Republican and Young Conservative groups; to do so as individuals, not as N.S.L. members; and to help neutralize the growing Zionist infiltration of such groups.

Above all, he stressed the need to "keep our message simple," quoting the Biblical statement that "a little child shall lead them."

Luncheon and After

Those at the convention had a buffet lunch, starting about 1 p.m. Following this, they viewed a program of short subjects, including some award-winning films. The convention adjourned at 3 p.m., with members meeting later at the home of the director for a round-table discussion on strategies for 1975.

Personally To You:
From Your Editor

An Urgent Plea

National Headquarters has established the sum of $1,975 as the amount needed to allow the National Socialist League to continue to grow and expand. The money received will pay for our answering service and our listing with the phone company: National Socialist League, Los Angeles Chapter, (213) 469-7151. In addition, the funds received will be used to mail free copies of the MOBILIZER to our White racial brothers in prison; a first sample copy to each university and college library; and--most important--to purchase a bulk mail permit and thus to lower our huge postal bill.

We also need your donations to help defray the mounting deficit from the publication of our newspaper. That cost has risen more than 50 percent since we began publication a year ago, yet our subscription rate has not risen accordingly--and we want to keep it low. Your gift will allow us to print leaflets and matchbooks in quantity for distribution in bars and gathering places nationwide. And, with the added funds, we'll be able to buy books and records in bulk, in turn lowering the price to our members. Further, your gift will enable us to continue placing ads in those publications that still accord us the right. Last year the N.S.L. spent more than $300 in ads, placed in publications whose circulations total some 13 million. Finally, the money will allow for a few organizational trips between headquarters and the N.S.L.'s new chapters all over the country.

Please note that all the work being done by the N.S.L., including that of the director, is on a voluntary basis, completely without salary or monetary compensation.

In your service, Heil Hitler!
Russell R. Patton, Editor and National Director
